FORVIA — Recruitment Team

Brières-les-Scellés (91)

Re: Application for Finance Apprentice (24-month apprenticeship, starting September 2026)

Dear Hiring Manager,

I'm applying for the Finance Apprentice apprenticeship within FORVIA, in Brières-les-Scellés (91), starting September 2026 for a 24-month contract. I joined FORVIA earlier this year as a Strategy and Marketing Corporate Consultant Intern, and I'd like to turn that into a longer commitment with more functional depth, in finance and controlling.

Having joined FORVIA earlier this year as a Strategy and Marketing Corporate Consultant Intern, I already understand the Group's strategic priorities and its cross-functional rhythm across Finance, M&A, Sales, R&D, Operations, Purchasing, and Legal, including owning a weekly newsletter that multiple teams rely on. An apprenticeship would let me build on that instead of starting over somewhere new.

At FORVIA, part of my role is producing the technical and financial competitor analysis that the Finance and M&A teams use directly, so my numbers have to hold up to real scrutiny. At GEP Worldwide, I quantified a client's savings down to a defensible 6% figure, in presentations and spreadsheets clients could interrogate line by line. My engineering background gives me the quantitative grounding controlling work needs, and ESSEC has sharpened how I present that analysis to financial decision-makers.

I'm currently completing a Master in Management at ESSEC Business School (ranked #10 globally in the Financial Times' 2025 Masters in Management ranking), with coursework in Strategy and Management, Marketing Management, and People and Organizations. Before that, I did a B.Tech in Mechanical Engineering at the National Institute of Technology Calicut (ranked #21 in India, NIRF 2025), with coursework in Operations Research, Project Management, Supply Chain Management, Quality Planning and Analysis, and Production Systems Management. The engineering degree gives me a technical grounding most business-school candidates don't have, and ESSEC has given me the strategy and commercial side.

I'm available to start in September 2026, and I'd welcome the chance to discuss how I could contribute to your team. Thank you for considering my application.

Sincerely,

Giridhar Dhananjay Khaza Venkata
